As requested, I am forwarding the email (below) we received from the City of Portland, indicating that the Winkler parcel is no longer being considered for a SRV. DEQ's Brent (BJ) Funk will be supplied with the compiled email you have requested for the OHOH Navigation Center later today, which he will make available to you. I would send it via email but it is too large.

Respectfully,

Daniel J. Hafley, RG

Dan,

After a budget analysis of the expense to remediate/ cap the site for homeless residents at the NW Naito Safe Rest Village it has been determined that it doesn't pencil out. This property is no longer being considered for a safe rest village. So I would like to close the site and will no longer require DEQ oversight. Let me know if you have any questions.

Kevin-I will remove it from the spreadsheet and place it in the non-active site sheet. Please have your business office close the numbers so it can no longer receive charges.
